

Capability Statement

Established in 2010, VHSS is a Service-Disabled Veteran Owned Small Business (SDVOSB) medical and healthcare distribution organization. We strive to meet and exceed the US Federal Government’s procurement needs in support of our veterans and warfighters. Headquarters in Jacksonville, FL, VHSS capabilities include traditional warehousing pack and ship distribution, federal contracting, EDI transactions, lead engagement and brand development. VHSS represents a variety of manufacturers, with the ability to order and warehouse their products in our state-of-the-art facilities and deliver their products to Facilities, Prime Vendors and Veteran’s homes. Our focus is to deliver consistent customer care, enhanced capital pipeline management for both customers and manufacturers while maintaining the highest quality standards to provide cost effective solutions for our valued customers. VHSS embraces a veteran-first workplace in a focused atmosphere, always spotlighting the quality of life both on-site and at-home for our team members.

★ Charitable Contributions & Volunteering ★

We care deeply about veterans and their families. It's in our name! Over two thirds of our employees are either veterans or have close family who served. At VHSS we strive to focus on local veterans, but are proud to support those organizations that have a national-level reach and align with our veteran's first focus. We also provide quarterly volunteer opportunities for VHSS sponsored events.

VHSS Proudly Supports The Following Organizations
